	Emergency Treatment
Initial	In the event of an emergency situation, at which time I cannot be reached, I hereby authorize
	Alazhar School to transport my child, if necessary by ambulance, to the nearest hospital.

Medical Release

Initial

I understand that it is my responsibility to make sure my child is immunized and all necessary and current medical documentation is provided to Alazhar School. I am aware of public policy which outlines that students who do not have the appropriate medical and immunization records on file will not be permitted to attend school. I also understand that NO internal medication, orally or otherwise, will be administered by any school personnel without written consent of parents and physician. All medications must be turned into the Alazhar School office, sealed and with a prescription label, along with the completion of the Authorization to Administer Medication during School Hours Form, and may only be for medical concerns such as Asthma, Allergies, and/or Diabetes. In case of serious illness/injury, Alazhar School will contact parents, as well as emergency contacts, physicians, and/or 911 for medical treatment.

Documents Received by Parent(s)/Guardian

Initial	Know Your Child Care Center Brochure Pursuant to Broward County Childcare Policies, Alazhar School has provided me with a copy of the Child Care Facility Brochure entitled, Know Your Child Care Center.
 Initial	Alternate Nutrition Plan I have received a copy of the Alternate Nutrition Plan which outlines the types of meals that may be provided by parents. I agree to promote the enforcement of this policy while my child attends Alazhar School.

Drowning is the #1 Cause of Death Among Children Ages 1 to 4

Facts You Need to Know About Drowning

- The main cause of drowning can be directly traced to an action or inaction by a parent or adult. Good people can make small mistakes that have tragic consequences.
- Most parents of a drowning victim say, "I can't believe this happened to my child." They never realized how quickly a drowning incident could become their reality.
- Most children pulled from the water during a drowning incident are wearing regular clothes - not a swim suit.

Simple Steps Save Lives

Supervision

- Supervising your children means eyes on them, and giving your full attention.
- Do not rely on responsible behavior from an older child or other adults.

Extra Layers of Protection if Supervision Fails

- Install door alarms to alert the household should a child possibly leave the home unsupervised.
- Use an "isolation" fence to separate pool area from the house and rest of the backyard.
- Use self-closing gates that self-latch.
- Clear the area around the fence for objects children could use to climb over.
- Learn to swim: parents and child.

Be Aware of All Water Hazards

 These include bathtubs, garden ponds, swimming pools, buckets/containers of water, canals, lakes, and beaches.

Know How to Respond to an Emergency

- Learn CPR.
- Remove the child from the water immediately.
- Call 9-1-1, begin CPR.

Talk to Your Child

- "Don't go near a pool or other water without an adult."
- "If you see someone in trouble in the water, don't jump in to help! Run, get an adult."
- "If you fall into a pool, turn in the water, find the wall, and climb out or yell for help." Practice this technique in the pool.

Take Action Now and Think, "I know this could happen to my child, and I will do whatever it takes to prevent it."

- Enroll your child (and yourself) in swim lessons.
- Learn CPR with rescue breaths.

To learn about available coupons for swim lessons, location of swim classes and CPR training, visit: Water SMART Broward

DISCIPLINE POLICY AND HOURS OF OPERATION

Dear Parent or Legal Guardian:

Please read the following information, then print and sign your name below:

DISCIPLINE POLICY:

- Child(ren) shall not be subjected to discipline which is severe, humiliating, or frightening.
- Discipline shall not be associated with food, rest, or toileting.
- Spanking or any other form of physical punishment is prohibited
- No cruel, harsh, physical, or unusual punishments shall be permitted.
- No child shall be delegated or permitted to discipline another child.
- No physical restraints, equipment, devices, or furniture shall be used to confine a child, including, without limitation, swings, walkers, and spinners.
- No child shall be confined in an enclosed area, such as a closet, locked room, box, or bathroom.
- No child shall be subjected to profane language, threats, derogatory remarks, or other verbal abuse.
- No child shall be punished for failure to eat or sleep, or for toileting accidents.
- No child shall be punished by with-holding food, rest, or use of the toilet.

HOURS OF OPERATION: 7:45 a.m.to 3:15 p.m.

Printed name of Parent or Legal Guardian:	
Signature of Parent or Legal Guardian:	
Date:	

EXPULSION POLICY

NAME OF CHILD:	AND THE RESERVE OF THE PARTY OF
SIGNATURE OF PAR	RENT:
DATE:	

Unfortunately, there are sometimes reasons we have to ask that a child be removed from our program either on a short term or permanent basis. We want you to know we will do everything possible to work with the family of the child(ren) in order to prevent this policy from being enforced.

WHEN A CHILD IS HAVING A PROBLEM IN THE CLASSROOM

Staff will try to redirect child from negative behavior.

Staff will reassess classroom environment, appropriate of activities, supervision.

Staff will always use positive methods and language while disciplining children.

Staff will praise appropriate behaviors.

Staff will consistently apply consequences for rules.

Child will be given verbal warnings.

Child will be given time to regain control.

Child's disruptive behavior will be documented and maintained in confidentiality.

Parent/guardian will be notified verbally.

Parent/guardian will be given written copies of the disruptive behaviors that might lead to expulsion.

The director, classroom staff and parent/guardian will have a conference(s) to discuss how to promote positive behaviors.

The parent will be given literature or other resources regarding methods of improving behavior.

Recommendation of evaluation by professional consultation.

Recommendation of evaluation by local school district child study team.

Teaching our Children to Live, Love, and Learn Through Islamic Values

SCHEDULE OF EXPULSION

If after the remedial actions above have not worked, the child's parent/guardian will be advised verbally and in writing about the child's or parent's behavior warranting an expulsion. An expulsion action is meant to be a period of time so that the parent/guardian may work on the child's behavior or to come to an agreement with the school. The parent/guardian will be informed regarding the length of the expulsion policy. The parent/guardian will be informed about the expected behavioral changes required in order for the child or parent to return to the school.

PARENTAL ACTIONS FOR CHILD'S EXPULSION

Failure to pay/habitual lateness in payment.

Failure to complete required forms including the child's immunization records.

Verbal abuse to staff.

Parent threatens physical or intimidating actions toward staff members.

CHILD'S ACTIONS FOR EXPULSION

Failure of child to adjust after a reasonable amount of time. Uncontrollable tantrums/angry outbursts.

Ongoing physical abuse to staff or other children.

Unable to toilet train in our three year old program.

A CHILD WILL NOT BE EXPELLED

If child's parents:

- Made a complaint to the Office of Licensing regarding a school's alleged violation of the licensing requirements.
- Reported abuse or neglect occurring at the school.
- Ouestioned the school regarding policies and procedures.
- Without giving the parent sufficient time to make other child care arrangements.

Food Consumption

Dear Preschool Parents,

Throughout the year we have many festivities that your child may participate in. We have holidays and celebrations that may include food. The following list is a sample of the foods that your child may be served during our celebrations. By signing the form, you agree to have your child participate in our celebrations and be served the foods we provide during the celebrations. If your child has a type of food allergy, please notify our front office and your child's teacher immediately. Students will not be served any of the food provided for the celebration unless this consent form is signed and returned.

Thank you for your cooperation,

Apple sauce	Celery sticks and humus	Cereal
Cheese Pizza	cookies	Donuts
Cup Cakes/Cakes	Bananas & 1% milk for Milk Shake	Fresh Fruit & Yogurt

Dear Parents,

During the 2009 Legislative Session, a new law was passed that requires childcare facilities, family day care homes and large family childcare homes provide parents with information detailing the causes, symptoms, and transmission of the **influenza virus (the flu)** every year during August and September.

Your signature below verifies receipt of the brochure on **Influenza Virus, The Flu, A Guide to Parents**:

Thank you,
Alazhar Preschool

What is the influenza (flu) virus?

Influenza ("the flu") is caused by a virus which infects the nose, throat, and lungs. According to the US Centers for Disease Control and Prevention (CDC), the flu is more dangerous than the common cold for children. Unlike the common cold, the flu can cause severe illness and life threatening complications in many people. Children under 5 who have the flu commonly need medical care. Severe flu complications are most common in children younger than 2 years old. Flu season can begin as early as October and last as late as May.

How can I tell if my child has a cold, or the flu?

Most people with the flu feel tired and have fever, headache, dry cough, sore throat, runny or stuffy nose, and sore muscles. Some people, especially children, may also have stomach problems and diarrhea. Because the flu and colds have similar symptoms, it can be difficult to tell the difference between them based on symptoms alone. In general, the flu is worse than the common cold, and symptoms such as fever, body aches, extreme tiredness, and dry cough are more common and intense. People with colds are more likely to have a runny or stuffy nose. Colds generally do not result in serious health problems, such as pneumonia, bacterial infections, or hospitalizations.

What should I do if my child gets sick?

Consult your doctor and make sure your child gets plenty of rest and drinks a lot of fluids. Never give aspirin or medicine that has aspirin in it to children or teenagers who may have the flu.

Call or take your child to a doctor right away if your child:

- · Has a high fever or fever that lasts a long time
- Has trouble breathing or breathes fast · Has skin that looks blue
- Is not drinking enoughSeems confused, will not wake up, does not want to be held, or has seizures (uncontrolled shaking)
- Gets better but then worse again
- · Has other conditions (like heart or lung disease, diabetes) that get worse

How can I protect my child from the flu?

A flu vaccine is the best way to protect against the flu. Because the flu virus changes year to year, annual vaccination against the flu is recommended. The CDC recommends that all children from the ages of 6 months up to their 19th birthday receive a flu vaccine every fall or winter (children receiving a vaccine for the first time require two doses). You also can protect your child by receiving a flu vaccine vourself.

THE FLU A Guide for Parents

For additional information, please visit www.myflfamilies.com/childcare or contact your local licensing office

This brochure was created by the Department of Children and Families in consultation with the Department of Health.

The main way that the flu spreads is in respiratory droplets from coughing and sneezing. This can happen when droplets from a cough or sneeze of an infected person are propelled through the air and infect someone nearby. Though much less frequent, the flu may also spread through indirect contact with contaminated hands and articles soiled with nose and throat secretions.

To prevent the spread of germs:

- · Wash hands often with soap and water.
- Cover mouth/nose during coughs and sneezes. If you don't have a tissue, cough or sneeze into your upper sleeve, not your hands.
- · Limit contact with people who show signs of illness.
- Keep hands away from the face. Germs are often spread when a person touches something that is contaminated with germs and then touches his or her eyes, nose, or mouth.

When should my child stay home from child care?

A person may be contagious and able to spread the virus from 1 day before showing symptoms to up to 5 days after getting sick. The time frame could be longer in children and in people who don't fight disease well (people with weakened immune systems). When sick, your child should stay at home to rest and to avoid giving the flu to other children and should not return to child care or other group settings until his or her temperature has been normal and has been sign and symptom free for a period of 24 hours.

During the 2009 legislative session, a new law was passed that requires child care facilities, family day care homes and large family child care homes provide parents with information detailing the causes, symptoms, and transmission of the influenza virus (the flu) every year during August and September.

For additional helpful information about the dangers of the flu and how to protect your child, visit: www.cdc.gov/flu/ or www.immunizeflorida.org/

A change in daily routine, lack of sleep, stress, fatigue, cell phone use, and simple distractions are some things parents experience and can be contributing factors as to why children have been left unknowingly in vehicles...

WHEN LIFE HAPPENS... DON'T BE A DISTRACTED ADULT

For additional information, please visit www.myflfamilies.com/childcare or contact your local licensing office.

This brochure was created by the Department of Children and Families in consultation with the Department of Health.

Distraction Prevention Tips:

- Never leave your child alone in a car and call 911 if you see any child locked in a car!
- Make a habit of checking the front and back seat of the car before you walk away.
- Be especially mindful during hectic or busy times, schedule or route changes, and periods of emotional stress or chaos.
- Create reminders by putting something in the back seat that you will need at work, school or home such as a briefcase, purse, cell phone or your left shoe.
- Keep a stuffed animal in the baby's car seat and place it on the front seat as a reminder when the baby is in the back seat.
- Set a calendar reminder on your electronic device to make sure you dropped your child off at child care.
- Make it a routine to always notify your child's child care provider in advance if your child is going to be late or absent; ask them to contact you if your child hasn't arrived as scheduled.

Facts About Heatstroke:

It only takes a car 10 minutes to heat up 20 degrees and become deadly.

Even with a window cracked, the temperature inside a vehicle can cause heatstroke.

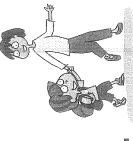

The body temperature of a child increases 3 to 5 times faster than an adult's body.

During the 2018 legislative session, a new law was passed that requires child care facilities, family day care homes and large family child care homes to provide parents, during the months of April and September each year, with information regarding the potential for distracted adults to fail to drop off a child at the facility/home and instead leave them in the adult's vehicle upon arrival at the adult's destination.

Use this Plan as a general guide.

These food plans are based on average needs. Do not be concerned if your child does not eat the exact amounts suggested. Your child may need more or less than average. For example, food needs increase during growth spurts.

Children's appetites vary from day to day. Some days they may eat less than these amounts; other days they may want more. Offer these amounts and let your child decide how much to eat.

What counts as:

4 and 5 year olds

3 year olds

2 year olds

Food group

14 cup cooked beans or peas (kidney, pinto, lentils) 1/2 cup mashed, sliced, or chopped vegetables 1 ounce cooked meat, poultry, or seafood 1/2 cup mashed, sliced, or chopped fruit 1 cup ready-to-eat cereal flakes 1 ounce of protein foods? 4/2 cup cooked rice or pasta 1 Tablespoon peanut butter 1/2 cup 100% fruit juice 1 cup raw leafy greens 4-5 large strawberries 1/2 cup vegetable juice 1/2 cup of veggies? 1 ounce of grains? 1/2 medium banana 1 tortilla (6" across) 1 small ear of corn 1/2 cup of dairy? 4s cup of fruit? 3/4 ounce cheese 4 ounces yogurt 1 string cheese 1 slice bread 1/2 cup milk 1 egg 3 - 5 ounces 4 - 5 ounces 1 - 11/2 cups 1½ - 2 cups 2½ cups 4 - 5 ounces 3 - 4 ounces 1 - 1½ cups 1½ cups 2 cups 3 ounces 2 ounces 2 cups 1 cup 1 cup Protein Foods

Some foods are easy for your child to choke on while eating. Skip hard, small, whole "foods, such as popcorn, nuts, seeds, and hard candy. Cut up foods such as hot dogs, grapes, and raw carrots into pieces smaller than the size of your child's throat—about the size of a nickel.

There are many ways to divide the Daily Food Plan into meals and snacks. View the "Meal and Snack Patterns and Ideas" to see how these amounts might look on your preschooler's plate at www.choosemyplate.gov/preschoolers.html.

Parent's Role

A parent's role in quality child care is vital:

- Inquire about the qualifications and experience
- of child care staff, as well as staff turnover.

 *Know the facility's policies and procedures.

 Communicate directly with caregivers.
- Visit and observe the facility.
- · Participate in special activities, meetings, and conferences.
- · Talk to your child about their daily experiences in child care.
- · Arrange alternate care for your child when
- Familiarize yourself with the child care standards used to license the child care facility.

Quality Child Care

Quality child care offers healthy, social, and educational experiences under qualified supervision in a safe, nurturing, and stimulating environment. Children in these settings participate in daily, age-appropriate activities that help develop essential skills, build independence and instill self-respect. When evaluating the quality of a child care setting, you should consider the facility's quality indicators related to activities, caregivers, and environment.

Quality Activities

- · Activities are children initiated and teacher faciliated.
- · Activities include social exchanges with all children.

Quality Caregivers

- Caregivers are friendly and eager to care for children.
- Caregivers accept family cultural and ethnic differences.

Quality Environments

- · Environments are clean, safe, inviting, confortable, and child-friendly.
- Environments provide easy access to age-appropriate toys.

KNOW YOUR CHILD CARE FACILITY

Know Your Child Care Facility - General Requirements

Every licensed child care facility must meet the minimum state child care licensing standards pursuant to s. 402.305, F.S., and ch. 65C-22, F.A.C., which include, but are not limited to, the following:

- Valid license posted for parents to see
- All staff appropriately screened.
- Maintain appropriate transportation practices (if transportation is provided).
- · Provide parents with written disciplinary and expulsion practices used by the facility.
- · Provide access to the facility during normal hours
- · Maintain minimum staff-to-child ratios.

Health Related Requirements

Emergency procedures that include:

- Posting Florida Abuse Hotline number along with other emergency numbers.
- Staff trained in first aid and pediatric cardiopulmonary resuscitation (CPR) on the premises at all times.
- · Fully stocked first aid kit.
- A working fire extinguisher and documented monthly fire drills with children and staff.
- · Medication and hazardous materials are inaccessible and out of children's reach

Ratios

Age of Child Child: Teacher Ratio Infant 1 year old 2 year old 11:1 3 year old 15.1 4 year old 20:1 5 year old and up 25:1

Training Requirements

- · 40-hour introductory child care training.
- · 10-hour in-service training annually.
- 0.5 continuing education unit of approved training or 5 clock hours of training in early literacy and language development.
- · Director Credential for all facility directors.

Food and Nutrition

Post a meal and snack menu that provides daily nutritional needs of the children (if meals are provided).

Record Keeping

Maintain accurate records that include:

- · Children's health exam/immunization record.
- Medication records.
- · Enrollment information · Personnel records.
- Daily attendance.
- · Accidents and incidents.
- · Parental permission for field trips and administration of medications.

Physical Environment

- Maintain sufficient usable indoor floor space for playing, working, and napping.

 • Provide space that is clean and free of litter and
- other hazards.
- Provide sufficient outdoor play area.
- · Maintain sufficient lighting and inside temperatures
- · Equipped with age and developmentally appropriate toys.
- Provide appropriate bathroom facilities and other furnishings.
- Provide isolation area for children who become ill.
- · Practice proper hand washing, toileting, and diapering activities.
